CURRENT SITUATION

Most of the Muslim parents in our modern era are inclined towards imparting quality education to their children. Sensitizing the need for Islamic education along with the contemporary education, they are on a lookout for institutions that can fulfill this need. As such there is a spree of Islamic Schools across India and the globe and many enterprising Muslim individuals and institutions have taken up this responsibility of imparting quality education along with Islamic education under one roof. Apart from finding qualified teachers, the next big challenge that most of the Islamic schools face today is of, "A Standard Islamic Syllabus" that caters to the Islamic upbringing of the young children, keeping up the latest trends in education. Many efforts have been made by various institutions to address this issue. **ABM PRINT TIME** is also one amount such efforts about which is mentioned below.

ABM CURRICULUM INSIGHT

The need of the hour was to design an Islamic syllabus tailor-made to suite the age group of the children from Nursery to Grade 9 and at the same time, be sensitive to the external environment around us so as to protect the interests of all the stake holders living in a pluralistic society. A syllabus that does not have fairytales but that includes the subjects from authentic sources of Islam on:

Aqeedah	: Islamic Creed
Seerah	: Life of our beloved Prophet ﷺ
Fiqh	: The Islamic Jurisprudence
Aadaab & Akhlaaq	: Etiquettes, Manners & Character building
Hifz-e-Quran	: Memorisation of the Qur'an with translation
Hifz-e-Hadith	: Memorisation of the Hadith with translation
Qisas	: Moral Stories from Qur'an & Seerah
Nasheed	: Islamic Rhymes & Poems
Muhazaraat	: Prepared Speeches
Activities	: Excercises and Project Works

All the above along with the contemporary subjects should be taught under the same roof, so that our children become experts in all these facets and aspire to be a dayee and a scholar promoting Peace and true concept of salvation. In-Shaa-Allaah, this is the Mould we intend to design.

ABM SYLLABUS OBJECTIVE

The children following ABM Syllabus from Nursery to Grade 9, In-Shaa-Allaah, will have a strong base in Islamic Principles and also in Arabic Language and can easily take-up and absorb the next level of Islamic knowledge on subjects like Uloomul Qur'an, Uloomul Hadith, Uloomul Aqeedah, Uloomul Fiqh, Uloomul Usrah, Uloomud Dawah, Uloomul Buyoo etc.

ABM ISLAMIC STUDIES DESIGN

ABM Islamic Studies & Tarbiyah Syllabus includes the subjects on all the aforementioned topics which bear the academic excellence along with lots of exercises for Tarbiyah as per the age group of the child.

This syllabus has been prepared with the help of many classical books, viz., Usoole Salaasah - The Three Principles, The 40 Ahadith of Imam Nawawi, Aqeedah Tahaaviyyah etc, thus making the syllabus more meaningful and so much more beneficial, In-Shaa-Allaah

ABM ARABIC LUGHA DESIGN

ABM Arabic Lughah (Language) & Tarbiyah Syllabus is developed in a format that encourages children to acquire Arabic linguistically from childhood. It is aimed at removing the Arabic-phobia so that children may freely speak, read, write and understand Arabic without the support of a translation.

ABM syllabus starts from Nursery and ends at Grade 9, so as to give more time and space for main stream subjects in Grade 10 for children appearing in board exam.

ABM SUPPORT TO SCHOOLS

A team of scholars is available round the year to support the teachers and the school for all kinds of clarifications regarding the syllabus. Especially for the curriculum of Arabic Lughah (Arabic as a language), a Teacher's guide in English and Urdu is provided and also online & onsite teacher training programs are conducted as per the need.

ABM SYLLABUS REVIEW

Alhamdulillah, a committee of scholars has reviewed this book. They have added productive pieces of advice wherever necessary and care has been taken to avoid all kinds of issues & matters relating to difference of opinion among the different schools of thought so that everyone among the Ummah is benefitted, In-Shaa-Allaah.

Academicians and industry professionals have individually reviewed these books with special attention and they have omitted and added the text wherever necessary which has made the books appear very easy to learn from and highly beneficial for application and create a society that encourages tolerance and peaceful coexistence with people of all faiths. Each lesson is critically analyzed on the aspect of national security and care has been taken to respect the law of the land and at the same time not compromise on the Islamic shariah.

ABM SYLLABUS BOOK DESIGN & PRINTING

Efforts were made to design the books as playful, colourful and attractive as possible with illustrations matching modern psychology of the children within the parameters of shariah. High quality of paper used and state-of-art printing enhanced and complimented both, the design and the content making these books child-friendly and match the international standards. All the books come with ISBN codes and are priced competitively following the market trends.

ABM ISLAMIC STUDIES FOR HOME SCHOOLING

ABM Islamic Studies for Home Schooling is a series of 10 books aimed at developing the basic Islamic knowledge of those children who attend secular schools, where they do not have the opportunity to learn Islam formally. They are designed with the combination of Arabic, Urdu and English with Roman transliteration so that anyone who can read and understand these languages can easily learn and teach from these books.

- ▶ The entire portion of the syllabus has to be completed within 8 months as per the above plan, from June to January of an academic year.
- ▶ February and March can be used as reserve time for absorbing holidays and extra curricular activities like competitions, school annual day, annual anjuman etc.
- ▶ Each Unit has to be completed within four weeks, and the subsequent two weeks are to be reserved for activities, exercises and exams etc, so that the lessons taught in the Unit are thoroughly memorised.
- ▶ Teachers are expected to do a preliminary study before teaching a particular lesson so that they implant the morals in the tender minds of the children in the light of Qur'an and Sunnah, so that they inculcate good manners, ethics and values right from childhood.

(Sahih Bukhari: 6224)

MORAL STORY

Do not Eat with Left Hand!

Dear Children, In-Shaa-Allaah, today let's learn about the "Manners of Eating".

Indeed, Food is one of Allaah's greatest favour, for which we should thank Him every time by saying Alhamdulillah and at the same time should eat in the manner which Prophet Muhammad ﷺ has taught us.

We should always eat and drink with our right hand and should not eat with our left hand because Satan eats and drinks with his left hand. Please tell, if you have the way of the Prophet Muhammad ﷺ and the way of Satan in front of you, which way will you choose? Every true and honest Muslim, will definitely choose the way of the Prophet ﷺ and will only eat with his right hand.

Salamah Bin Al-Akwa' (May Allaah be pleased with him) reported:

A man ate in the presence of Messenger of Allaah ﷺ with his left hand. He ﷺ said, "Eat with your right hand." He said: "I cannot." Thereupon the Prophet ﷺ said, "May you never be able to do that." It was arrogance that prevented him from doing it, and he could not raise his hand up to his mouth afterwards. (Sahih Muslim: 2021)

Therefore, the one who eats with his left hand knowingly and without any valid reason is the friend of Satan and the one who eats and drinks with the right hand is the friend of Allaah and His Messenger ﷺ

★ ★ ★ Hence, from this incident we learnt that we must always eat with our right hand only.

Good Advice stays for Lifetime 3

Dear Children,

Prophet Muhammad ﷺ always used to be concerned about the upbringing of children. Be it Salaah, Saum or the manners of eating, standing, sitting, the manners of playing, the way to enter and exit from the house etc., He ﷺ used to take special care to instruct children with lots of love and affection such as He ﷺ taught Umar Bin Abi Salamah the basic manners of eating.

Umar Bin Abi Salamah (May Allah be pleased with him) reported: I was a boy under the care of Messenger of Allaah ﷺ, and my hand would wander about in the dish. Messenger of Allaah ﷺ said to me "Mention Allaah's Name (i.e., say Bismillaah before you start eating), eat with your right hand and eat from what is near to you". I always followed this way of eating after this incident:

(Sahih Bukhari: 5376)

- ★ Whatever advice Prophet Muhammad ﷺ gave to Umar Bin Abi Salamah, he remembered it for his entire life and kept acting on it.
- ★ We should also remember these golden words and always apply them.
- ★ Although we learnt about the place of eating from a plate from this Hadith,
- ★ We also learnt that Good Advice will stay for a lifetime as Umar Bin Abi Salamah remembered the good advice throughout his life.

MORAL STORY

Do not ill-Treat Animals

Dear Children,
Today, we will learn the story of a woman who was thrown into Hell Fire because of her cruelty towards an animal.

Once there was a hard-hearted woman.
She had a cat as a pet.
Do you know what she did with the cat?

There is a Hadith of our beloved Prophet ﷺ on this matter

Narrated Ibn `Umar: The Prophet ﷺ said, "A woman entered the Hell Fire because of a Cat which she had tied, neither giving it food nor setting it free to eat from the vermin of the earth. "

(Sahih Bukhari: 3318)

★ From this story, we understand that knowingly harming any living being is not permissible in Islam and they should be treated with kindness and mercy.
